

6th Clinical Seminar in **Pulmonary Hypertension** and **Thromboembolic Disease**

www.pulmonaryhypertension2018.gr

1-3 2018
November
Concert Hall
Thessaloniki

1st Cardiology Department,
AHEPA University General Hospital
of Thessaloniki

Cardiology
College
of Northern Greece

Society
for the Study of
Cardiovascular Diseases

Scientific Program

Scientific Program

Thursday, 1 November 2018

16.15 - 18.00

Case presentation:

Pulmonary hypertension & congenital heart disease

Coordinators: **G. Efthimiades, Th. Karamitsos**

Interesting case presentations, by:

- **A. Arvanitaki**
- **Ch. Feloukidis**
- **P. Rouskas**
- **M. Vlachou**

18.00 - 18.30

Coffee break

18.30 - 20.15

Case presentation:

Patient management under antithrombotic therapy

Coordinators: **A. Ziakas, G. Kazinakis**

Interesting case presentations, by:

- **A. Kouparanis**
- **M. Didagelos**
- **G Rampidis**
- **M.A. Bazbani**

Scientific Program

Friday, 2 November 2018

09.00 - 11.00

Round Table

Diagnosis of PAH - Emphasis Focus on imaging

Coordinators: **H. Karvounis, G. Giannakoulas**

- Echocardiography: PAH or HFpEF;
V. Kamperidis
- The role of imaging on group 3 PH
I. Mitrouska
- The role of imaging on group 4 PH
E. Demerouti
- Discussion

11.00 - 11.30

Coffee Break

11.30 - 13.00

Round Table

Diagnosis and treatment of patients with PAH. Assessment of right ventricle.

Coordinators: **I. Stanopoulos, Th. Karamitsos**

- The role of echocardiography
D. Konstantonis
- The role of MRI
A. Kallifatidis
- Cardiopulmonary exercise test
A. Boutou

13:00 - 14:00

Satellite Symposium

«Bridging the last two decades in PAH»

Coordinator: **A. Armaganidis**

- Achievements In PAH, **S. Orfanos**
- From clinical trials to real world evidence,
S. Rosenkranz

14.00 - 15.00

Lunch break

Scientific Program

Friday, 2 November 2018

15.00 - 16.30

Round Table

Hemodynamic assessment

Coordinators: **S. Chatzimiliades, A. Magginas**

- Hemodynamic measurements in pulmonary hypertension. **A. Anthi**
- Repetitive right catheterizations: Debate Necessary in modern monitoring of patients with PAH in 2018
 - Pro: **I. Tsagkaris**
 - Con: **E. Δεμερούτη**

16.30 - 18.00

Round Table

Meet the experts-Risk stratification and treatment of PAH

Coordinators: **A. Anthi, S. Orfanos**

- When will I start treatment with mono therapy- Discussion based on a case
A. Arvanitaki
- When will I start treatment with combination therapy - Discussion based on a case
E. Panagiotidou
- When will I use treprostinil based on Risk stratification - Discussion based on a case
G. Giannakoulas
- When will I use epoprostenol based on Risk stratification - Discussion based on a case
A. Anthi

18.00 - 18:30

Coffee break

18:30 - 20:30

Round Table

CTEPH

Coordinators: **G. Drosos, S. Chatzimiliades**

- Which patient will I refer for PEA or BPA
Ch. Pappas
- My best case that underwent PEA
A.Pitsis
- The best case that underwent BPA
P. Kariofillis
- Discussion

Scientific Program

Saturday, 3 November 2018

09:00 - 11:30

Round table

Congenital heart disease

Coordinators: **A. Giannopoulos, G. Giannakoulas**

Case presentation of congenital heart disease, by:

- **A. Tzifa**
- **F. Mitropoulos**
- **M. Mpoutsikou**
- **A. Frogoudaki**
- **S. Apostolopoulou**

11:30 - 12:00

Coffee break

12:00 - 12:30

Satellite Lecture

Coordinator: **H. Karvounis**

The importance of RV function evaluation in PAH and its role for treatment strategies,

R. Badagliacca

12:30 - 14.00

Workshop

Call to action:

How to improve the patient journey in PH

Coordinators: **G. Giannakoulas, I. Tsagkaris**

- Pre-symptomatic stage,
A. Anthi
- First symptoms,
A. Avgeropoulou
- Diagnosis & treatment,
I. Mitrouska
- On-going assessment,
E. Demerouti
- Interventional care,
P. Kariofillis
- Real world evidence: optimizing the patient journey,
A. Magginas

14:00 - 14:15

Association «Pulmonary Hypertension of Greece – Hellenic Pulmonary Hypertension – HPH»

The journey in PH from the patient's view,

I. Alysandratou

Scientific Program

Saturday, 3 November 2018

14.15 - 15.00

Lunch Break

15.00 - 17.00

Interesting cases of PAH

Coordinators: **G. Giannakouls, I. Tsagkaris**

- Pulmonary hypertension due to left heart disease
Ch. Feloukidis
- Co-morbidities and pulmonary hypertension
S. Mouratoglou
- Case of drug-induced pulmonary hypertension,
D. Farmakis
- Case of CTD - related pulmonary arterial hypertension
Th. Dimitroulas

17.00 - 17.30

Coffee break

17.30 - 19.30

Interesting PAH cases

Coordinators: **S. Orfanos, A. Trikas**

Case presentation, by:

- "Attikon" University General Hospital
F. Frantzeskaki
- "Hippokration" General Hospital of Athens
E. Avgeropoulou
- University Hospital of Heraklion, Crete
I. Mitrouska
- "Elpis" General Hospital of Athens
K. Evdoridis

19.30 - 21.00

**Test your knowledge on pulmonary arterial hypertension.
Multiple choice questions - voting**

Coordinators: **G. Giannakoulas, A. Anthi**
